

Directions to Castelnaudary

Exit the A61 Autoroute des Deux Mers motorway at 'Junction 4'. After negotiating the toll barriers, take the second exit off the roundabout, turning left along the D6. At the next (McDonald's) roundabout take the third exit, effectively going straight ahead to join the D623 to the nearby Castelnaudary town centre.

At the next roundabout turn left, third exit along the Avenue de Dr Guilhem. Continue straight ahead at the next roundabout. After half a mile, turn right at the next roundabout onto the D624, Rue Arnaut-Vidal. Cross over the railway after a few hundred metres and follow the road past the Gendarmerie. In a further 200 metres you will cross over the Canal du Midi (note the port to your right). On the far side of the bridge turn immediately right and enter Quai du Port.

Free parking is available around the port, but depending timings may be tricky as the town is quite busy so take the first space you can. The port has recently been extended and spans from 'Le Grande Bassin' through two road bridges and up to a pedestrian footbridge. We do not have a regular berth, but Somewhere should be easily visible along the main port.

If you have any difficulties at all, please call Steve or Jo Bridges on:-
