

Getting to Bargecraft by road

Take the A62 Motorway (Péage) to Junction 6 – *Aiguillon exit*. The roundabout as you exit is actually the start of the small town of Damazan. Take the first exit, *D8* towards *Damazan centre ville*. After 150m you will enter another roundabout where you take the first exit, carrying straight on. After another 100m take the slip road to the right where you will reach a ‘T’ junction with the *D108*. Turn right.

After around 5km you will enter Buzet sur Baïse on the *Avenue de 22 juin 1944*. At the traffic lights turn left, onto *Rue Maurice Luxembourg* (signposted *D12 to Vianne*). Continue into the village, down the hill to the Canal de Garonne. We are moored around 100m down from the bridge on the right bank. Ample parking is available either near our barge (turn right before the bridge) or across at the Port Office (*Capitainerie*) take the first right after the canal bridge and follow signs for the *Aquitaine Navigation*.
