

Getting to Bargecraft by road

Take the A62 Motorway (Péage) to Junction 6 – *Aiguillon exit*. The roundabout as you exit is actually the start of the small town of Damazan. Take the first exit, *D8 towards Damazan centre ville*. After 150m you will enter another roundabout where you take the first exit, carrying straight on. After another 100m take the slip road to the right signposted *D108 to Buzet sur Baïse* to the T junction - turn right.

After around 5km you will enter Buzet sur Baïse on the *Avenue de 22 juin 1944*. At the traffic lights turn left, onto *Rue Maurice Luxembourg* (signposted *D12 to Vianne*). Continue into the village, down the hill to the Canal de Garonne. Pass over the canal bridge and follow the road to the left; then, as the road veers off to the right, take the left turn into the restaurant *Au Bord de l'Eau*. Ignore the restaurant car park and drive behind the buildings to access the port car park, entered through double gates on the left.

We are moored on the outside pontoon at the far end of the port.
